MUSEUM FORWARD

International
Best Practice Forum
on Museum and Heritage

CAPACITY BUILDING – BRANDING – FUNDRAISING AS KEY LEADERSHIP STATIONS TOWARDS SUCCESSFUL TRAINING PROGRAMME FOR YOUNG PROFESSIONALS

As the final phase of **this year's Special Project led by INTERCOM** in collaboration with MPR, ICTOP, ICOMON, and ICOM CROATIA, **MUSEUM FORWARD**, Indonesia's premier international forum on museums and heritage, **will be held in Jakarta from September 23-26, 2024**. This event will bring together museum and cultural heritage professionals from across the globe for the benefit of Indonesian museum community, to exchange best practices and address key issues that will shape the future of Indonesian museum leadership. The forum will spotlight contemporary cultural initiatives, emphasizing curatorial practices and public engagement within both Indonesian and global contexts. Organized by EUNIC Indonesia in partnership with ICOM International Committees and supported by ICOM-SAREC, MUSEUM FORWARD will feature specific capacity-building workshops tailored by INTERCOM and the other IC Partners for Indonesian museum professionals. These workshops will focus on sustainable leadership, funding, professional development, and museum branding. The event will culminate in roundtable discussions where invited experts will tackle critical topics in museum and heritage practices. This initiative is founded on the belief that museums and heritage sites are essential drivers of cultural investment, social advancement, and intercultural exchange.

Our expertise at INTERCOM can help colleagues from every region enhance their capabilities and leading skills.
